PERSONAL POINTERS.
William C. Whitney, of New York, has given a handsome house and lot to the physician who attended Mrs. Whitney in her long illness.

Capt. I. M. Smith, the first man who stretched wires across the state of Wisconsin, is still living in Topeka, Kan. He has made weather observations from a scientific standpoint for the last 50 years.

Gov. Smith, of Maryland, has appointed a commission of three to purchase a bust of Rear Admiral Winfield Scott Schley to be placed in the new state capitol at Annapolis, in accordance with an act passed by the state legislature at its last session.

John E. Milholland is trying to get the federal government to purchase for \$30,000 the ruins of old Fort Ticonderoga and restore it to the exact status it bore when Ethan Allen demanded its surrender. He formerly was editor and proprietor of a Ticonderoga newspaper.

When Carnegie was an employee of the Pennsylvania railroad in Pittsburgh long years ago one of his friends was a conductor named John Powers. The millionaire learned recently of Powers' whereabouts and circumstances and has given him a pension of \$50 a month. The two old friends had had no communication for a long time.

In the course of some litigation in New Jersey the fact was made public that Bertram Cutler is the largest individual stockholder of record in the United States steel corporation. For a day or two Wall street wondered who this was that owned 123,975 shares of United States steel preferred and 25,365 shares steel common. He was finally located as a stenographer and typewriter for John D. Rockefeller and his salary is \$18 a week. The stock standing in his name is said to be worth about \$20,000,000.

Many a citizen from the interior has fallen a victim to the indigestible soft-shelled crab on going to live in Washington. Pension Commissioner Ware early contracted the soft-shelled crab habit and indulged his appetite for the dainty until a physician ordered him to desist. A friend in Kansas heard that the commissioner was worn-out by close attention to his duties and wrote him a solicitous letter. He received the following reply by wire: "It's not work that's breaking down my constitution—it's soft-shell crabs."

Why pay \$5 for a shoe when \$3.50 will buy one just as good at Fleming & Clark's. Bostonian and Bion are our brands.

You can't get something out of nothing, but lots of people are capable of getting nothing out of something.

Canadian trade with Great Britain has increased over \$6,000,000 the past year.

Women And Jewels.
Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Ross's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is a certain cure for coughs, colds and all bronchial troubles. You can get this reliable remedy at Anderson Drug Co., Farmville, Va. Get Green's Special Almanac.

Beware of The Knife.
No profession has advanced more rapidly of late than surgery, but it should not be used except where absolutely necessary. In cases of piles for example, it is seldom needed. Dewitt's Witch Hazel Salve cures quickly and permanently. Unequalled for cuts, burns, bruises, wounds and skin diseases. Adept no counterfeits. "I was as troubled with bleeding piles that I lost much blood and strength," says J. C. Phillips, Paris, Ill. "Dewitt's Witch Hazel Salve cured me in a short time." Soothes and heals. Anderson Drug Co.

American eunuch lobster is wanted everywhere in Germany, but there seems to be no efficient connection between dealers and American producers.

A Communication.
Mr. Edmonson—Allow me to speak a few words in favor of Chamberlain's Cough Remedy. I suffered for three years with the bronchitis and could not sleep at nights. I tried several doctors and various patent medicines, but could get nothing to give me any relief until my wife got a bottle of this valuable medicine, which has completely relieved me.—W. S. Brockman, Barnell, Mo. This remedy is for sale by The Winston Drug Co.

A brutal man would be an ornament to any morgue.

Brain-Food Nonsense.
Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, how will sustain your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get this reliable remedy at: Anderson Drug Co., Farmville, Va. It is a soluble powder and can be used as such, or can easily be converted into a tooth wash. It absolutely destroys all germ life, and thus arrests and prevents decay. It makes the teeth white; is by all odds the best, and purest; and yet is six times as cheap as any other Dentifrice. Ask your druggist for Alcalin Dentifrice.
